Scope

Contributions from the following fields will be
considered for publication:

Taxonomy
Phylogeny
Biogeography

Further, contributions dealing with evolutionary
aspects from the fields of morphology, physiology,
ecology, ethology and palaeontology. (Authors of
papers with mainly functional aspects are requested
to submit their contributions to the companion
journal *Acta Zoologica*.)

The following types of contributions are accepted:

Papers based on original research.

Review articles.

Contributions in these two categories are limited
to 24 printed pages, unless the author pays in
full for any pages exceeding 24.

Contributions may be written in English, French or
German. All papers should have an abstract in
English.

Manuscripts

Manuscripts should be sent to the Chief Editor.

Manuscripts submitted should not be under
consideration or accepted elsewhere. Manuscripts
to be considered must strictly conform with the
instructions to authors.

Subscription rates 1986

For libraries, university departments, government laboratories, industrial
and other multiple-reader institutions US\$145.00 per annum including
postage and insurance. Two-year rate (1986/1987)—US\$275.50.

Specially Reduced Rates to Individuals. In the interests of maximizing
the dissemination of the research results published in this important
international journal we have established a two-tier price structure. Any
individual whose institution takes out a library subscription may purchase
a second or additional subscription for personal use at the much reduced
rate of US\$55.00 per annum.

Prices are subject to change without notice.

Subscription enquiries from customers in North America should be sent
to: Pergamon Journals Inc., Maxwell House, Fairview Park, Elmsford, NY
10523, U.S.A., and for the remainder of the world to Pergamon Journals
Ltd, Headington Hill Hall, Oxford OX3 0BW, UK. Microform Subscriptions
and Back Issues: back issues of all previously published volumes are
available in the regular editions and on microfilm and microfiche. Current
subscriptions are available on microfiche simultaneously with the paper
edition and on microfilm on completion of the annual index at the end of
the subscription year.
